

Alumi Floor

Alumi is an understated, versatile series of sound-absorbing screens by Nina Jobs.

60mm thick

106 colours

8 fabrics

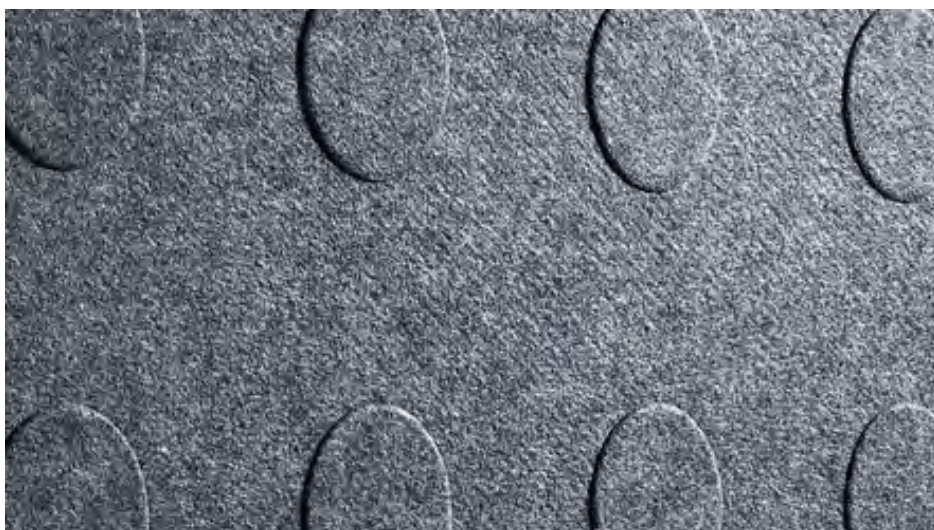

Acoustic

Benefits

Available in several colours and discreet patterns, the screens are elegantly framed with an aluminium profile. Their interior consists of a noise-dampening material that creates a comfortable soundscape.

- Excellent sound absorption
- Welcoming and 'friendly' aesthetic
- Absorbs sound and brings more privacy
- Premium embroidered 'quilt-like' check patterns.

The screen consists of a sound-absorbent acoustic filling mounted on an aluminium frame

What it is made from?

Stylish metal frame in White or Silver and comes with two stabiliser feet. 60mm thick and filled with sound absorbing material.

Where can it be used?

Alumi Screen is a flexible freestanding screen for the office as well as for public areas.

What options are there?

Stylish acoustic screens in a choice of embossed patterns and fabric colours.

Options

Alumi can be used as a freestanding unit or connected together. Both sides of the screen are covered with compressed, sound absorbing polyester felt. Choose between a smooth felt surface or three different felt patterns.
